

The Texas Board of Professional Engineers' (TBPE) Board e-Newsletter

September 17, 2014

The TBPE eNewsletter is your quarterly update on information about the Texas PE License and Licensing Board and is a supplement to the TBPE Express annual printed newsletter.

In this issue of the TBPE eNewsletter:

- [Criminal History Record Check](#)
- [August 28th Board Meeting Update](#)
- [When do you need a PE on a building project?](#)
- [Computer Based Testing](#)
- [Ethics Webinars and Outreach](#)

Read below for more info:

Criminal History Record Check - REGISTRATION IS OPEN NOW. DON'T WAIT!

By law, all active PEs must complete a criminal history record check (CHRC) prior to renewing their license. Everyone with an ACTIVE SEPTEMBER PE renewal needs to make sure they do it ASAP. All other PEs are strongly encouraged to complete the process early.

- **In State Engineers:** After successfully completing the fingerprint session at MorphoTrust, the renewal bar will be removed the next day. The agency receives a data file daily from MorphoTrust. If for some reason the bar is not removed at the time you wish to renew, you can enter your TCN (Tracking Control Number provided by MorphoTrust) and the date the fingerprint was taken in ECHO to proceed.
- **Out of State Engineers:** We recommend that you mail the fingerprint cards through a carrier that provides tracking or a signature confirmation. Keep this tracking information for your records. You can renew online as soon as you mail in your fingerprint card. Just enter your mail tracking information and the registration ID assigned by MorphoTrust.

For background information on this requirement, instructions or frequently asked questions, go to <http://engineers.texas.gov/recordcheck.html>

Board Meeting Update

The Texas Board of Professional Engineers Quarterly Board and Committee Meetings were held August 27-28, 2014. Highlights include passage of the FY2015 budget, approval of a new strategic outreach plan, and reports on actions taken at the NCEES 2015 Annual Meeting.

- **Disciplinary Actions** - All enforcement actions approved in the board meeting are posted on the TBPE website. Enforcement actions are reported based on the date of the board meeting at which the actions were taken. Refer to: <http://engineers.texas.gov/disciplinary.htm>
- **Video Clips** - Streaming video of the Board Meeting is available at <https://engineers.texas.gov/recordings.htm> Viewing these recordings qualifies for continuing education credit under the category of self-directed study. A maximum of five credit hours may be accrued for self-directed study.

When do you need a PE on a building project?

Have you ever wondered when a PE is needed on a project? Have you needed to explain to a client or a governmental body when a PE is needed?

TBPE has developed a flowchart to determine if a Professional Engineer is required when a Texas project involves the design, erection, construction, enlargement, alteration, repair of, or the creation of plans and specs for a building. Use this one page diagrammatic to make sure your project is in compliance with the Texas Engineering Practice Act. It is a great reference for engineers, plan reviewers, city and county officials, and owners. Go to <http://engineers.texas.gov/downloads/TBPEDiagrammatic2014.pdf> to download a copy.

Computer Based Testing

The Fundamentals of Engineering (FE) exam is now being delivered via computer-based testing and is available year round instead of just two times per year. Please encourage all young engineers to register online and take the FE exam - they don't need to wait for April or October any more. For more information and to register, go to <http://www.ncees.org>

Ethics Webinars and Outreach

TBPE continues to offer ethics outreach presentations both in person and in a webinar format for the convenience of our licensees. Registration links for all webinars are posted at: <http://engineers.texas.gov/webinar>

- **Online Ethics Webinars:** The next ethics webinar is December 4, 2014. This event is limited to 1,000 attendees. Registration for the December 4th event will be posted one month in advance.
- **Student Webinar:** We have scheduled a student webinar for September 23, 2014 at 7:00 p.m. which will address PE licensure and exam questions.
- **PE Application Webinar:** This first ever webinar will concentrate on the licensing application process and the requirements to become a Texas P.E. It will be held October 15, 2014 at 12:00 p.m. CDT.
- **Schedule a TBPE Presentation:** If you are interested in scheduling a live TBPE ethics presentation at your workplace, please contact outreach coordinator Dorothy Gonzales at outreach@engineers.texas.gov.

And more:

Give us feedback on how we are doing by filling out our customer service survey. Please visit our website at <http://engineers.texas.gov/feedback> or call us for a paper survey. We want to hear your suggestions on how we can improve agency operations and service delivery.

In keeping with our efforts to modernize and increase communication with our licensees and the public, you can now follow us on [Facebook](#), [Twitter](#), [LinkedIn](#) and via an RSS feed. Join today!

NOTE: This email was sent from an unmonitored mailbox; direct replies will not be read. To contact the Board, please visit our website at: <http://engineers.texas.gov/>
