

Welcome to the Texas Board of Professional Engineers' (TBPE) new Quarterly Board e-Newsletter!

As part of our ongoing efforts to improve communication between the Board and license holders, this email notice will be sent out after each Quarterly Board Meeting with news, highlights, and updates on Board activities. This e-Newsletter is in addition to the yearly paper newsletter.

Highlights:

- The Board held its June meeting in Frisco, TX. To view the meeting agenda and to listen to recordings of the meeting, [click here](#). Note that you can earn PDH as self-study for watching Board meetings.
- At the Board meeting, several enforcement actions were taken against individuals and engineering firms. For more information about these cases, [click here](#).
- April 2009 exam grades are in and the TBPE is proud to announce 459 examinees passed the PE exam and are now duly licensed professional engineers. In addition, 1,421 examinees passed the FE exam. Congratulations to all.
- HB2649 was passed during the recent legislative session with changes to the engineering practice act. You can [read the entire bill here](#). One change prohibits requirements for additional certifications for license holders. The Board has released a statement concerning this issue which you can [read here](#).
- Reminder: The Board has passed rules that require all engineering documents released, issued, or submitted by or for a registered engineering firm, including preliminary documents, clearly indicate the engineering firm name and registration number. It is both the responsibility of the PE that signs and seals a document and the firm that releases the document to verify that the firm name and number appear on the engineering work. For more information please visit the [Frequently Asked Questions Page](#).

You received this message because you are a Texas licensed professional engineer and have indicated that you wish to receive electronic correspondence from the Board. If you wish to discontinue receipt of this e-Newsletter and other messages from the Board, you can change your preferences online using the ECHO system:
